Hi John

Thank you for giving us the opportunity to look these over.

I can see that some of the important pieces of information that we would need are included on the documents. That's the legal description and the property owners name.

As I mentioned on the phone, our Plant Manager is out of the office until Monday 6/24.

I'll show these to her when she returns and if she has anything to add, I'll follow up with you then.

Have a Great Day!
Kelly

Kelly:

Here are the two draft notices that EPA will be placing on properties that have not participated in the Superfund Clean-up program for this immediate area. Please take a look and discuss with your plant manager. We would be available to meet with you and/or your plant manager to discuss possible changes that may make these Notices more recognizable through the Title search process.

Thank You

John Works
